#### To complete the Tax and Wage Adjustments Form (DE 678), provide the following information:

**SECTION I:** Name or DBA, address, employer account number, and tax year to be adjusted. Also, provide the reason for the adjustment or refund.

**SECTION II:** If you are requesting a refund of overpaid taxes before the DE 7 has been submitted. Enter the Payroll Date, Year and Quarter, and the Amount Previously Paid on the original DE 88.

**SECTION III:** If you are requesting a refund or adjusting the information provided on the Annual Reconciliation Return.

Please provide the following information:

Item A: If you are only adjusting the total subject wages paid during the calendar year, enter the correct amount that should have been reported.

Items A through E: For all other adjustments, enter the amounts you should have reported on the DE 88, or the DE 7.

Item F: Enter the subtotal of taxes you should have reported.

Item G: Enter the total taxes paid.

Item H: Enter erroneous SDI Contributions (includes Paid Family Leave amount) not refunded to employee(s).

Item I: Enter the total taxes due or overpaid (the difference between Item F minus Item G and Item H).

If taxes are due, enclose a check for payment of contributions and penalty and interest with this form. If taxes are overpaid, a refund will be sent.

If the adjustment changes what you reported on the Quarterly Wage and Withholding Report (DE 6), complete the reverse side of the DE 678.

**SECTION IV:** This information is necessary to allow State Disability Insurance (SDI) or California Personal Income Tax (PIT) credit or for a refund to be issued.

SDI (includes Paid Family Leave amount) and PIT deductions are employee contributions. The EDD cannot refund these contributions to you unless you first refund the erroneous deductions to the employee(s).

You may claim a credit or refund of PIT overwithheld from an employee's wages when the excess amount is credited or refunded to the employee during the same calendar year and the excess amount is **not** shown on the Form W-2 issued to the employee. If you paid EDD more than the amounts withheld from an employee's wages, and you want a refund, you can adjust the amount reported on this form.

**Note:** If you have issued a Form W-2, do not refund the PIT over-withholdings to the employee nor change the PIT withholding amount on the Form W-2. The employee will receive a credit when the California Resident Income Tax Return (Form 540) is filed with the Franchise Tax Board.

**SECTION V:** If it is necessary to add or adjust information that was previously reported on the DE 6, complete this section of the DE 678.

**Note:** You may adjust more than one quarter on the form as totals per quarter are not required.
